During January, February and March, 1978, AUSA [redacted] Washington, D. C., called nine witnesses before the investigative grand jury for testimony concerning captioned case. Based on the results of this grand jury testimony and previous Bureau investigation, AUSA [redacted] contemplated seeking an indictment against subject during May, 1978.

From approximately mid May, 1978 through mid September, 1978, AUSA [redacted] time was completely dominated by the fast breaking ORLANDO LETELIER murder case. Due to the high priority of the LETELIER investigation, captioned case was placed in a hold status.

On 9/25/78, AUSA [redacted] advised he plans to call several additional individuals before the investigative grand jury before seeking an indictment in captioned matter. AUSA [redacted] stated that he hopes to have a true bill returned against subject before the beginning of the LETELIER murder trial.

The first additional individual to be called before the investigative grand jury is scheduled to testify [redacted] and once the case agent has had the opportunity to review investigation with AUSA [redacted] Bureau will be appropriately advised of status.

It is noted that since the latter part of September and continuing until this date, AUSA [redacted] time has been devoted exclusively to the LETELIER investigation (CHILBOM).

USE OF FORM 0-73

1. Only incoming teletype messages which require transmission relay may be prepared for transmission using form 0-73. Use of form 0-73 is restricted to incoming teletype messages received within the last 3 days which require transmission relay; all other teletype messages must be prepared using form 0-93.
2. Additions such as notes and administrative data for a specific addressee are not allowed. If a note or administrative data is required for a particular addressee a separate 0-73 form must be prepared.
3. The message will be transmitted just as it appears. The person approving the message is solely responsible for assuring all necessary editing changes have been made.

PREPARATION OF FORM WHICH CONSISTS OF A PREPRINTED YELLOW.

1. Complete appropriate boxes: date, classification & precedence.
2. List addresses immediately following the "TO" or place a check mark in the appropriate box.
3. Type or PRINT the subject in the space provided.
4. Print or type originator's name, room number and telephone extension.

2. Minor editing changes shall be made on the xerox as follows: using a lead pencil ONLY draw single line through the first and last lines of the heading and connect these lines from top right to bottom left forming a "Z," figure. (DO NOT OBLITERATE THE HEADING.) Use horizontal lines to delete sentences or words. Printed changes of a word or two to the text of the message may be made; however, changes to the existing text involving more than a word or two necessitate the originator to initiate a new message using form 0-93.
3. Administrative data or notes may be typed immediately following the text and will be transmitted to all addressees.
4. When using the 0-73 form to disseminate information to field offices, Legal Attaches and other Government agencies simultaneously, the text, notes and administrative data must be identical for all addressees.

On January 4, 1980, [REDACTED]

[REDACTED] were arrested by the Philadelphia Police Department and were subsequently arrested by BATF, Philadelphia, Pa. In their possession were numerous firearms, a silencer for one of the weapons, police scanners, radar jamming equipment, portable telephone scrambler, \$28,200 and numerous false identities.

On January 5, 1980, BATF obtained from personnel of the Airport Sheraton Inn at the Philadelphia National Airport a telephone list indicating all telephone calls made from Room 608 and 610, which were registered in the name of an alias used by [REDACTED]. In addition, all documents and material obtained by the Philadelphia Police Department in a search of the luggage of the above

three subjects and their rooms were turned over to BATF, and from this evidence was obtained the identities and telephone numbers of individuals apparently associated with the subjects. These names and numbers were taken from business cards and telephone directories in the subjects' possession.

and to advise only Philadelphia of any hits discovered. The purpose of this restriction is to protect other ongoing investigations in divisions other than Philadelphia regarding the same subjects noted above. The protection of those investigations is required because the Philadelphia Police Department (PHPD) search wherein this and much other potential evidentiary material was seized via a search warrant that is weak and might not withstand suppression hearing. Philadelphia will monitor the continuing case being prosecuted on ATF violations with the U.S. Attorney's Office and if the search is upheld, the subjects are convicted, and the conviction is not appealed, or if the subjects plead guilty, the information will be disseminated by Philadelphia.

On 1-9-80, meetings of all interested law enforcement agencies, including the New York District Attorney and AUSA [redacted] Washington, D. C., were held in New York to resolve the investigative and jurisdictional interests of the various agencies. U. S. Customs and Bureau of Alcohol, Tobacco and Firearms (BATF) have ongoing investigations regarding the international gun and explosives dealings of captioned subjects. The FBI's interest is primarily the FARA investigation. It is anticipated that this case will be presented to a Federal grand jury, Washington, in the immediate future. There have also been allegations that subjects assisted the Chilbom fugitives and that they have been dealing with the [redacted]. These reports are being pursued by the New York Office in an attempt to determine their validity. The New York District Attorney's Office, Customs and BATF are continuing their investigation regarding subject's illegal international sale of weapons which has resulted in investigative activity in Crewe, England, where Terpil maintained an office.

On Wednesday, January 9, 1980, representatives of the United States Custom Service, New York; ATF agents from New York; an Alexandria Division Special Agent; New York and Newark Special Agents; Assistant United States Attorney, [redacted] of United States Attorney's Office, Washington, D. C.; and an ATF Special Agent from Washington all met at the FBI Office in New York. The purpose of the meeting was to discuss the Federal interests in captioned subjects prior to meeting with New York District Attorney Robert Morgenthau who has the ongoing investigation relative to [redacted] Terpil.

b6 -2, -4  
b7C -2, -4

In summary, the Federal interests relative to captioned subjects are as follows:

United States Customs Service at New York and ATF Agents at New York and Washington, D. C. have had ongoing investigations related to Terpil for several years. Terpil, Wilson [redacted] are of interest to ATF and United States Custom Service in view of their international gun running operations and also the exporting of various electronic devices which may be in violation of Customs export laws. Additionally, ATF in Washington have interests in Wilson and Terpil relative to the exportation of explosives.

b6 -2  
b7C -2

Relative to the FBI, it appears at this time that the Alexandria Division which has an ongoing investigation regarding Terpil and Wilson for violations of the FARA pertaining to [redacted] has priority in this affair. AUSA [redacted] plans to indict Wilson and Terpil for violation of the FARA and Washington, D. C. Code 22-107 (Conspiracy to Commit Murder), during January, 1980. There does not appear to be an explosives violation within FBI jurisdiction.

Morgenthau had other Assistant District Attorneys and investigators involved in the current ongoing Manhattan District Attorney's Office investigation present and Federal interest in this matter was explained to Morgenthau.

During the discussion, the following information was learned from Morgenthau and his associates which needs to be resolved relative to FBI interests in the Terpil, Wilson, and [REDACTED] affair:

Regarding the Chilbom investigation, it was learned that [REDACTED] the Manhattan District Attorney's Office, stated that Terpil is the individual who told [REDACTED] (Terpil) [REDACTED]

The exact text of this comment was not available during the meeting and the New York Office is attempting to resolve this aspect and also Terpil's comments relative to the fugitives. Terpil has a reputation for being a braggart, however, Terpil and Wilson do have long time contacts with various Cuban exiles.

It was also learned at the above meeting with Morgenthau and his associates that subsequent to the arrest [REDACTED] Terpil in December, 1979, they had admitted contact with representatives of the [REDACTED]

District Attorney's Office has stated that [redacted] and Terpil may use their cooperation with FBI to their advantage in an effort to hinder the District Attorney's case by showing cooperation with Federal authorities. The District Attorney's Office has stated that if any interview of Terpil [redacted] is to be conducted by the FBI, it is in the best interest of the case to have District Attorney representatives at the interviews.

On 1-9-80, meetings of all interested law enforcement agencies, including the New York District Attorney and AUSA [REDACTED] Washington, D. C., were held in New York to resolve the investigative and jurisdictional interests of the various agencies. U. S. Customs and Bureau of Alcohol, Tobacco and Firearms (BATF) have ongoing investigations regarding the international gun and explosives dealings of captioned subjects. The FBI's interest is primarily the FARA investigation. It is anticipated that this case will be presented to a Federal grand jury, Washington, in the immediate future. There have also been allegations that subjects assisted the Chilbom fugitives and that they have been dealing with the [REDACTED]. These reports are being pursued by the New York Office in an attempt to determine their validity. The New York District Attorney's Office, Customs and BATF are continuing their investigation regarding subject's illegal international sale of weapons which has resulted in investigative activity in Crewe, England, where Terpil maintained an office.

Sub reference: Sub file 23.

In San Antonio airtel to Director, 1/28/80, San Antonio forwarded to all FBI field offices color sketches of an automobile being sought in the WOODMUR investigation. That communication noted that the FBI was in contact with the Screen Printers Association memo, Vienna, Virginia, among other publications, in an attempt to publish these automobile sketches in magazines which circulate among printing companies in hopes that the partial bumper sticker on the car in the sketch could be identified. For information of Dallas, during that investigation in Vienna, Virginia, and subsequent investigation, it has been determined that [redacted]

Printing Industries Association of Texas, 739 Twin Towers North, 8585 Stemmons Parkway North, Dallas, telephone number [redacted] would be knowledgeable of Regional Printing Industry publications and bumper sticker manufacturers who might be of assistance in identifying the partial bumper sticker in the sketch. Lead set forth below for Dallas to contact [redacted]
